- Final report

## Brief Project Description

The Investment Component of the Ethio-German Programme for the Reform of Technical and Vocational Education and Training (TVET) is based on an agreement between the Government of the Federal Democratic Republic of Ethiopia & the Government of the Federal Republic of Germany.

The services under this contract were divided in two parts. The first part is the procurement to the Ethio-Chinese College in Addis Ababa:

- Preparation of final procurement lists in coordination with clients
- Preparation of tender documents including Bill of Quantities, cost estimated, and specifications.
- Tender procedures according to KfW procurement guidelines and as agreed with the Ministry of Education. (Tendering, evaluation, awarding)
- Handing over of goods to Ministry of Education and/or directly to the institutes
- Handling of the Disposition Fund according to KfW regulations and Final Account

The second part is the procurement for CIM expert (fabricators) in five institutes countrywide. The services under this contract have three components:

- The completion of three buildings in Addis Ababa
- Installation works of equipment in 13 institutes and training on handling, operation & maintenance
- Completion of procurement outstanding from previous activities
